Ghana / Accra / Tema

I'm Opey Theophilus, an architecture student with a strong passion for architectural visualization and computational design.
I enjoy using visuals to communicate design concepts with clarity while exploring computational methods to approach problems with innovation and precision.
"Staying attuned to the ever-evolving world of design is my daily discipline"

"Every visual in this portfolio is an original work created exclusively by me."

# Curriculum Vitae

## Education

Kwame Nkrumah University of Science and Technology
Bachelor's Degree in Architecture

## Experience & Achievements

### Kaira Looro Architecture Competition

Team Lead & Visualiser
2024

As the team lead for the Kaira Looro Competition, I directed the design and visualization process, ensuring the project conveyed both conceptual clarity and strong visual storytelling.

### Barbados CARIFESTA Pavilion Competition – Adjaye Associates

Team Lead & Visualiser
2025

Leading the visualization and presentation efforts, I coordinated my team in developing concept renderings for the CARIFESTA Pavilion competition in Barbados.

### Snaptrude Design challenge .

Community Impact Award
2025

Conceptualized and designed a sustainable, circular campus that won a global design challenge's highest community impact honor...

### D5 Render .

Campus Ambassador
2025

As a Campus Ambassador for D5 Render, I serve as the link between the brand and the student community, promoting the use of real-time rendering tools within architectural and design education.

## Software Efficiency

### 3D Modeling

- Revit
- 3ds Max
- Rhino
- Rhino inside
- Grasshopper
- Snaptrude

### Rendering

- Corona
- D5 render

### Design & Post-Production

- Corel Draw
- Photoshop
- After Effects
- Premiere
- Illustrator
- Affinity

## Languages

Ghanian Language
English Language

## Internship

Construction / Architecture Internship
- Hanex Construction
2022 - 2024

## Interests

- Architecture
- Innovation
- Visualisation
- Construction
- Additive Manufacturing
- Computational Design
- Product Design
- AI Exploration
- Fabrication
